-SPARTAN RECOVERY PROGRAM

What is Recovery?

Recovery is “a process of change through which individuals improve their health and wellness, live a self-directed life and strive to reach their full potential” (SAMHSA, 2012).

UNC Greensboro’s SRP believes that there are multiple pathways to recovery and encourages students to develop and maintain an active recovery and wellness plan.

VISION

The vision of the SRP is to be a model recovery-minded community that engages and encourages UNCG students in their pursuit of an enriched college experience and sustained recovery.

What is the SRP?

The SRP is a program of Student Health Services Counseling Center that is available, free of charge, to UNCG students in all phases of recovery from addictions to alcohol and/or other drugs.

The SRP is **not** a treatment program; rather, we focus on creating a network of recovery support services that promote the personal, academic and professional goals of students in recovery.

What We Provide:

- Peer Support
- Recovery Coaching
- Recreational activities
- Monthly Celebration of Recovery Events
- Opportunities for personal, professional and academic development
- Housing supports
- Referral to additional treatment and support services
- Fun!

MISSION

The SRP creates a recovery-minded community of **empowerment, purpose and inclusion**, in which UNCG students in all phases of recovery can pursue their personal , professional and academic goals for the purpose of enhancing personal wellness and contributions to the global community.

“ For the first time I feel like I belong at UNCG.. ”

“ I am a better student, a better citizen, and a better Spartan. ”

“ I am empowered, I have purpose, I’m included and I have a community. It’s EPIC! ”
